Village

SECTION 1. FINDINGS

The Town Board finds that the environmental, economic, and aesthetic importance of maintaining healthy and productive forest lands requires the periodic commercial harvesting of standing timber. The Board further recognizes the importance that timber harvesting practices be conducted in accordance with professionally developed, sustainable forest management plans, following the guidelines of the New York State Forestry Best Management Practices (BMP) field guide. The Board further recognizes that timber harvesting and land clearing also occurs in connection with and/or as a precursor to the use of land for development purposes, which land development is subject to the use regulations of the Town of Hillsdale Zoning and Land Use Control Law, including the regulations of the Town of Hillsdale Ridgeline Overlay District (Local Law #6, 2007)

SECTION 2. PURPOSE

The purpose of this Local Law is to require the issuance of a permit by the Town of Hillsdale prior to the commencement of any timber harvesting or land clearing activities in the Town.

SECTION 3. PROHIBITION

It shall be unlawful for any person or entity to engage in logging, timber harvesting, or land clearing activity in the Town of Hillsdale without a permit for the same having been issued in accordance with the provisions of this Local Law, or the provisions of the Town of Hillsdale Zoning and Land Use Control Law.

SECTION 4. PERMITS REQUIRED

Any person or entity proposing to engage in commercial logging or forestry harvesting operations as part of a sustainable forest management plan within the Town of Hillsdale shall first obtain a permit for the same from the town Code Enforcement Officer, or such other individual designated for such purpose by the Town Board. 7. A written representation from the property owner that the application for the permit is made for forestry management purposes only, is not made for subdivision and/or development purposes, and that the applicant understands that by reason of the applicant's representation, the Town of Hillsdale will not subsequently approve any application for the subdivision or change of use of the property which is the subject of the logging permit for a period of five years from the date of the permit.

Any person or entity proposing to engage in logging, timber harvesting, or land clearing operations other than for purposes of maintaining a sustainable forest management plan as provided for under subparagraphs A and B above, shall be subject to and shall proceed under the provisions of the Town of Hillsdale Zoning and Land Use Control Law, including the Ridgeline Overlay District Regulations (Local Law #6, 2007), and shall obtain all necessary approvals and permits required thereunder prior to commencing timber harvesting and/or land clearing activities.

Notwithstanding the foregoing exception, individuals or entities, actively engaged in agricultural operations and wishing to harvest timber or clear land within the Ridgeline Overlay District shall file a written representation with the town that such timber harvesting and/or land clearing is not made for subdivision and/or development purposes, and that the property owner understands that by reason of the applicant's representation, the town of Hillsdale will not subsequently approve any application for the subdivision or change of use of the property for a period of five (5) years from the date of such written representation.

SECTION 6. TOWN ROAD AND PUBLIC HIGHWAYS
